GUIDED EXCURSIONS TO BEAUTIFUL ORCHID LANDS

EXOTIC PLANTS
BIOLOGICAL SUPPLIES

TROPICAL ODDITIES
SHELLS

TROPICAL SEEDS

For good results they should be planted shortly after collecting. Avacado and mangos are not apt to be good after 7 to 10 days and the same with many others. Some hard shelled palms like the coconut, Latanias and a few others keep for a long time, but that isn't the general rule. For that reason this list includes only those seeds which we can collect fresh most of the year. All do not fruit at the same time, there are always some trees and shrubs in bloom and fruit any time of year.

This is the way other customers have been buying and all have been satisfied. Send your order and money and we will fill all of the order possible. If some items are not available we send when we get them, up to 3 months. After that we refund or substitute at your request.

State your preference as to seed types and unless you know exactly what you want, allow for substitutions. You are apt to get something more exciting than what you ordered.

Most all the trees and shrubs, except palms, are good for bonsai and all make unique, exotic house plants.

Plant all seeds very shallow and if it is cold, set the seed flat or container over a small light until seeds are well sprouted. You never sprout seeds 100% and from 50% to 75% is good.

Remember, no order for less than \$3.00 plus 10% for postage West of the Mississippi River. In your order you can combine other items on our different lists to make up the \$3.00.

ORNAMENTAL TREES AND SHRUBS

Albizzia Lebbek, Woman's Tongue	Pack	25¢
Lacy, pinnate foliage, easy to grow Spring and Summer		
Bauhinia Purpurea, Orchid tree or Mountain Ebony	Pack	25¢
Flowers in lavender, white and yellow. Lovely small tree		
Cassia Fistula or Golden Shower	1/2 pod - 50¢	Whole pod \$1.00
One of the most spectacular of flowering trees. The gum around the seeds is source of the old fashioned and gentle laxative "Senna Leaf Tea". The pods alone are very odd.		
Casuarine Equisetifolia, Australian Pine or Beefwood	Pack	25¢
Looks like a pine but is a relative of the oaks. Many seeds.		
Eugenia Jambos, Rose Apple	Dozen	50¢
Lovely tree and the fruit smells and tastes like a rose. Fairly large.		
Eugenia Uniflora, Surinam Cherry	Dozen	15¢
Shrubs with small glossy foliage. Use 3 or more to a pot and keep clipped.		
Ilex Cassine, Swamp or Dahoon Holly	Pack	25¢
The true "Florida Holly" small trees, many red berries.		
Jacaranda Acutifolia	Dozen	35¢
Has lacy pinnate foliage. A real beauty with its blue flowers.		
Parkinsonia aculeata, Jerusalem thorn	Pack	25¢
Long, druping, lacy foliage with reddish yellow flowers. Has proved hardy in Arkansas by experiment.		

Melaleuca Leucadendron, cajeput or punk tree

One of the strangest of trees. Loves water but grows well on high land. Pods shipped in small brown sack. When the pack reaches you, the brown dust-like seeds will be free of the pods. Hundreds of seeds. Sprinkle some on the surface of a glass of water and watch the little trees grow. The fish in your aquarium love them. Plant on fine, rich, wet soil and keep soil wet from below by setting the pot in a coaster of water. Do not water from above until the seeds are little trees. Keep clipped

Pack 25¢

Delonix Regia - Royal poinciana or flame tree

Pack 25¢

Most popular flowering tree in South Florida

Stenolobium Stans-yellow elder

Pack 25¢

Dense bush to small tree, yellow bell flowers

Flacourtia indica - Governor's plum

Pack 25¢

A fine, dense shrub - popular

Mimusops emarginata - Sapodilla

Pack 25¢

Beautiful symmetrical tree and the source of chicle in chewing gum

Tamarindus indica

Pack 25¢

The famous tamarind of Asia - Don't miss this for pot and dwarfing

Schinus Terebinthifolius - Brazillian Pepper

Pack 25¢

Wrongly called Florida holly. A dandy for pots and bonsai

Psychotria Undata (Nervoso) Wild coffee

Pack 15¢

Attractive small shrub and pot plant. Bears early.

Set out doors in Spring and Summer.

Trema Floridana

Pack 25¢

Small tree - good for bonsai

Swietenia Mahogani - Mahogany

Pack 35¢

The real maderia mahogany

There are so many we can't begin to list them. Here are just a few others. Chinese Jujube, Seaside Mahoe, Horseradish tree, Sandbox, Eggfruit, Akeé, Guave, Carissa, Malpighia, etc.

PALMS

Also just a few listed because so many are difficult to sprout and or hard to get. The following are very popular and easy to grow.

Royal palm	Packet	25¢
Sabal or cabbage palm	Packet	25¢
Cocos Plumosa, Queen palm	Packet	25¢
Princess Alexandra	Packet	25¢
Phoenix Canariensis, Date Palm	Packet	25¢
Serenoa repens, palmetto	Packet	15¢

Others, but hard to sprout - Paurotis Wrightii, Silver palm
